

WIREFRAMING

WEEKENDER

–MANAS SINGH

1. Onboarding & Setup

User downloads the Weekenders app and signs up via phone, email, or social login.

Takes a short onboarding quiz to capture:

- Preferred activities
- Vibe (e.g., chill, energetic)
- Comfort level (small/large groups)
- Weekend availability

Prompted for profile verification (e.g., ID, LinkedIn – optional but boosts trust score).

App detects location or user selects their city manually.

Home screen displays: “This Weekend’s Picks.”

Take a quiz and never have a boring weekend!

Short quiz on-

1. Activities.

2. Vibe.

3. Comfort level.

4. How you spent time ideally?

4. Etc.

[Button]Submit quiz and signup with Gmail,facebook & LinkedIn

Already a member? login [here](#)

2. Browsing & Filtering Events

Curated events are shown with tags like:

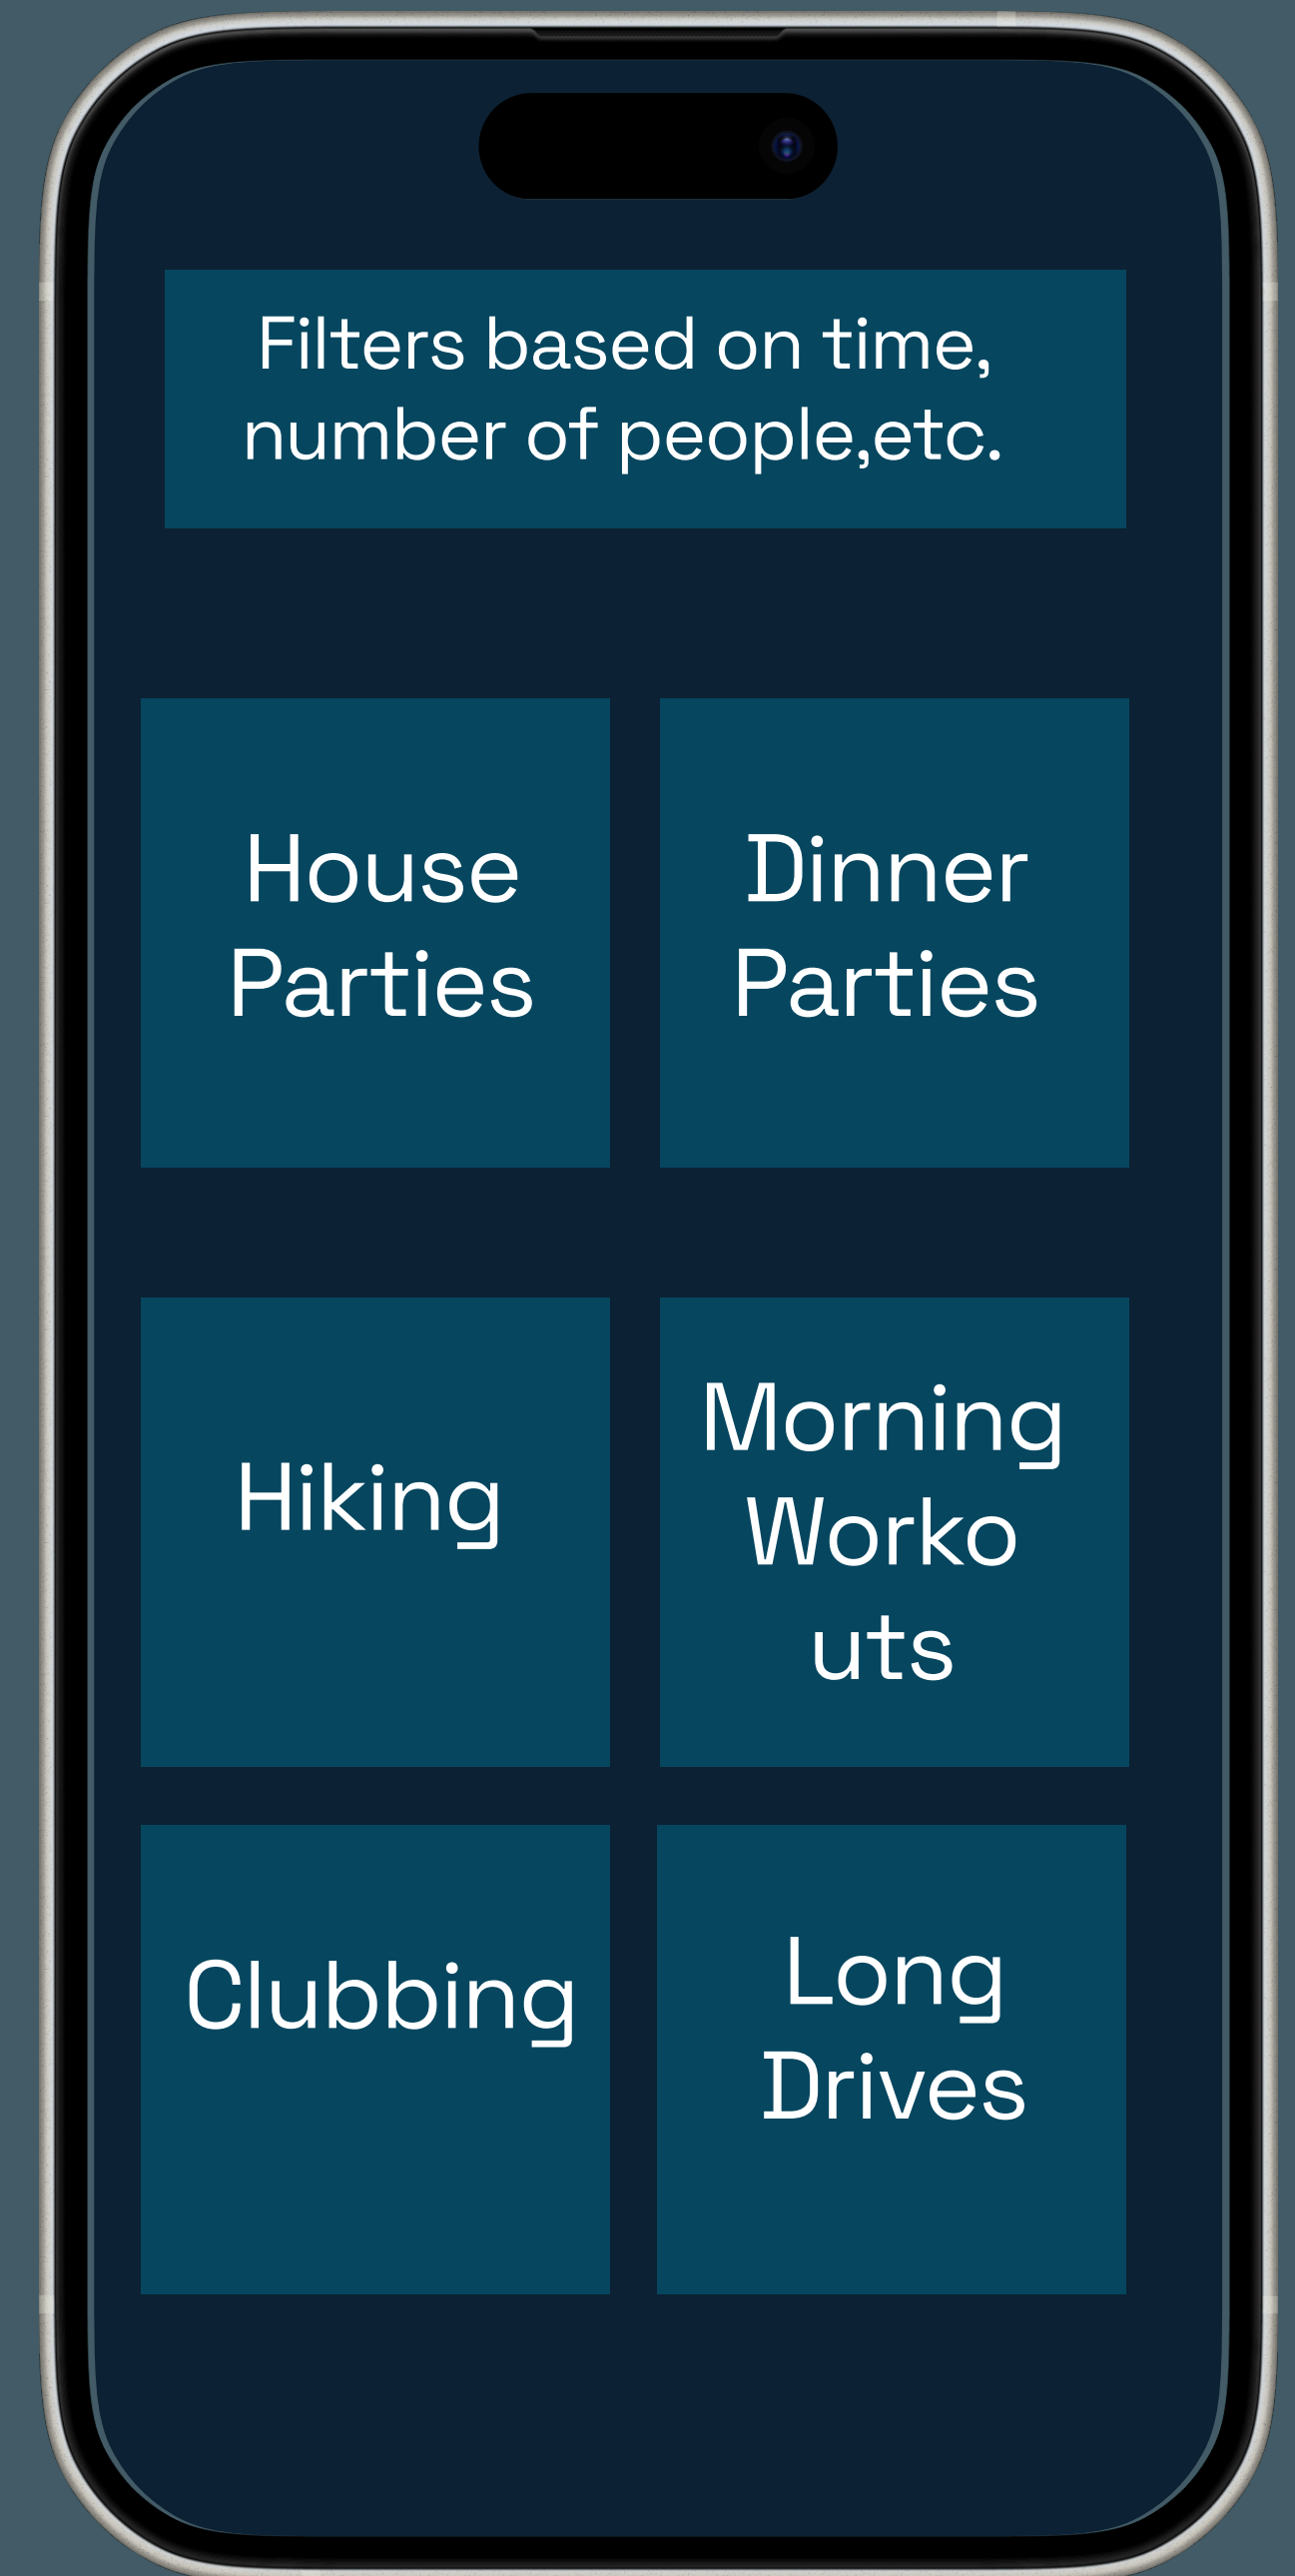

- Mood: Chill, Energetic, Social, Creative
- Type: Treks, Brunches, Game Nights, Art Walks, etc.
- Group Size: Small (4–6), Medium (7–10), Large (15+)

Filters include:

- Time Slot: Morning, Afternoon, Evening
- Budget: Free, Paid
- Themes: Food, Music, Nature, Fitness

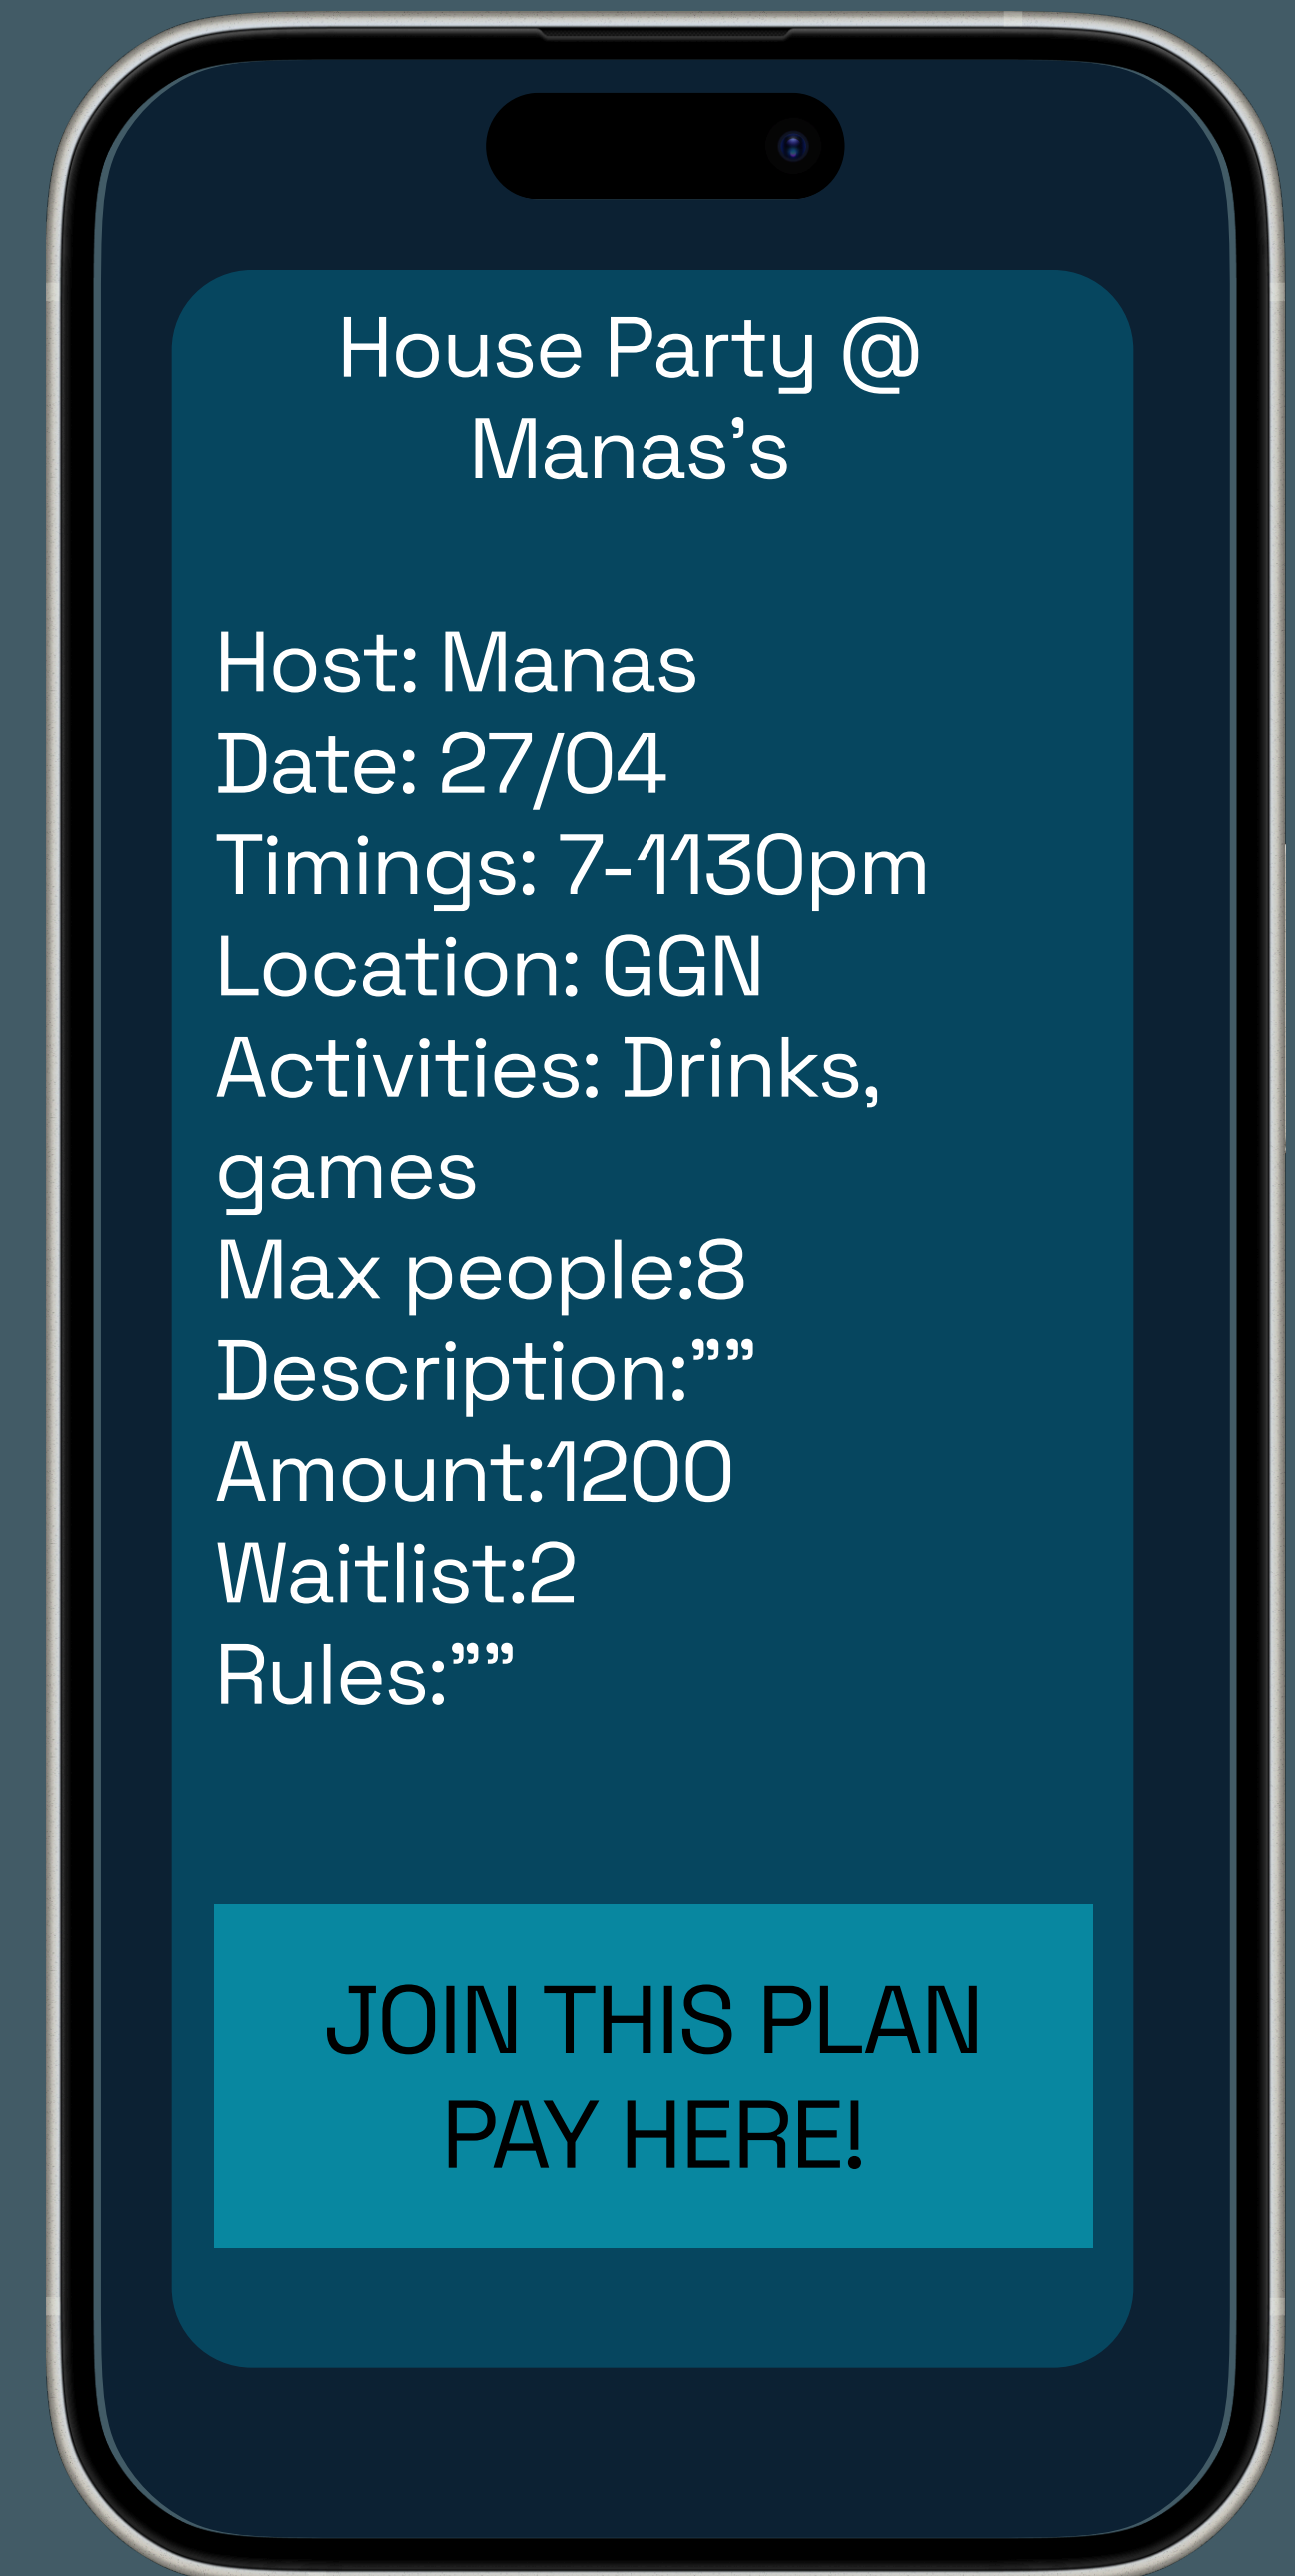

Each event card shows:

- Banner image
- Time, Venue
- Host bio & rating
- Number of attendees
- Quick mood summary (e.g., “Chill vibes – 8 ppl going”)

3. Event Selection & RSVP

Tap an event → opens full event page.
Shows group composition preview (avatars with 1-line interests).
“Join This Plan” button.
Optional comment at RSVP (e.g., “First time doing this!”).
If the event is full → added to waitlist with notification on vacancy.
If paid → proceeds to secure payment (UPI, Card, Wallet).

4. Pre-Event Communication

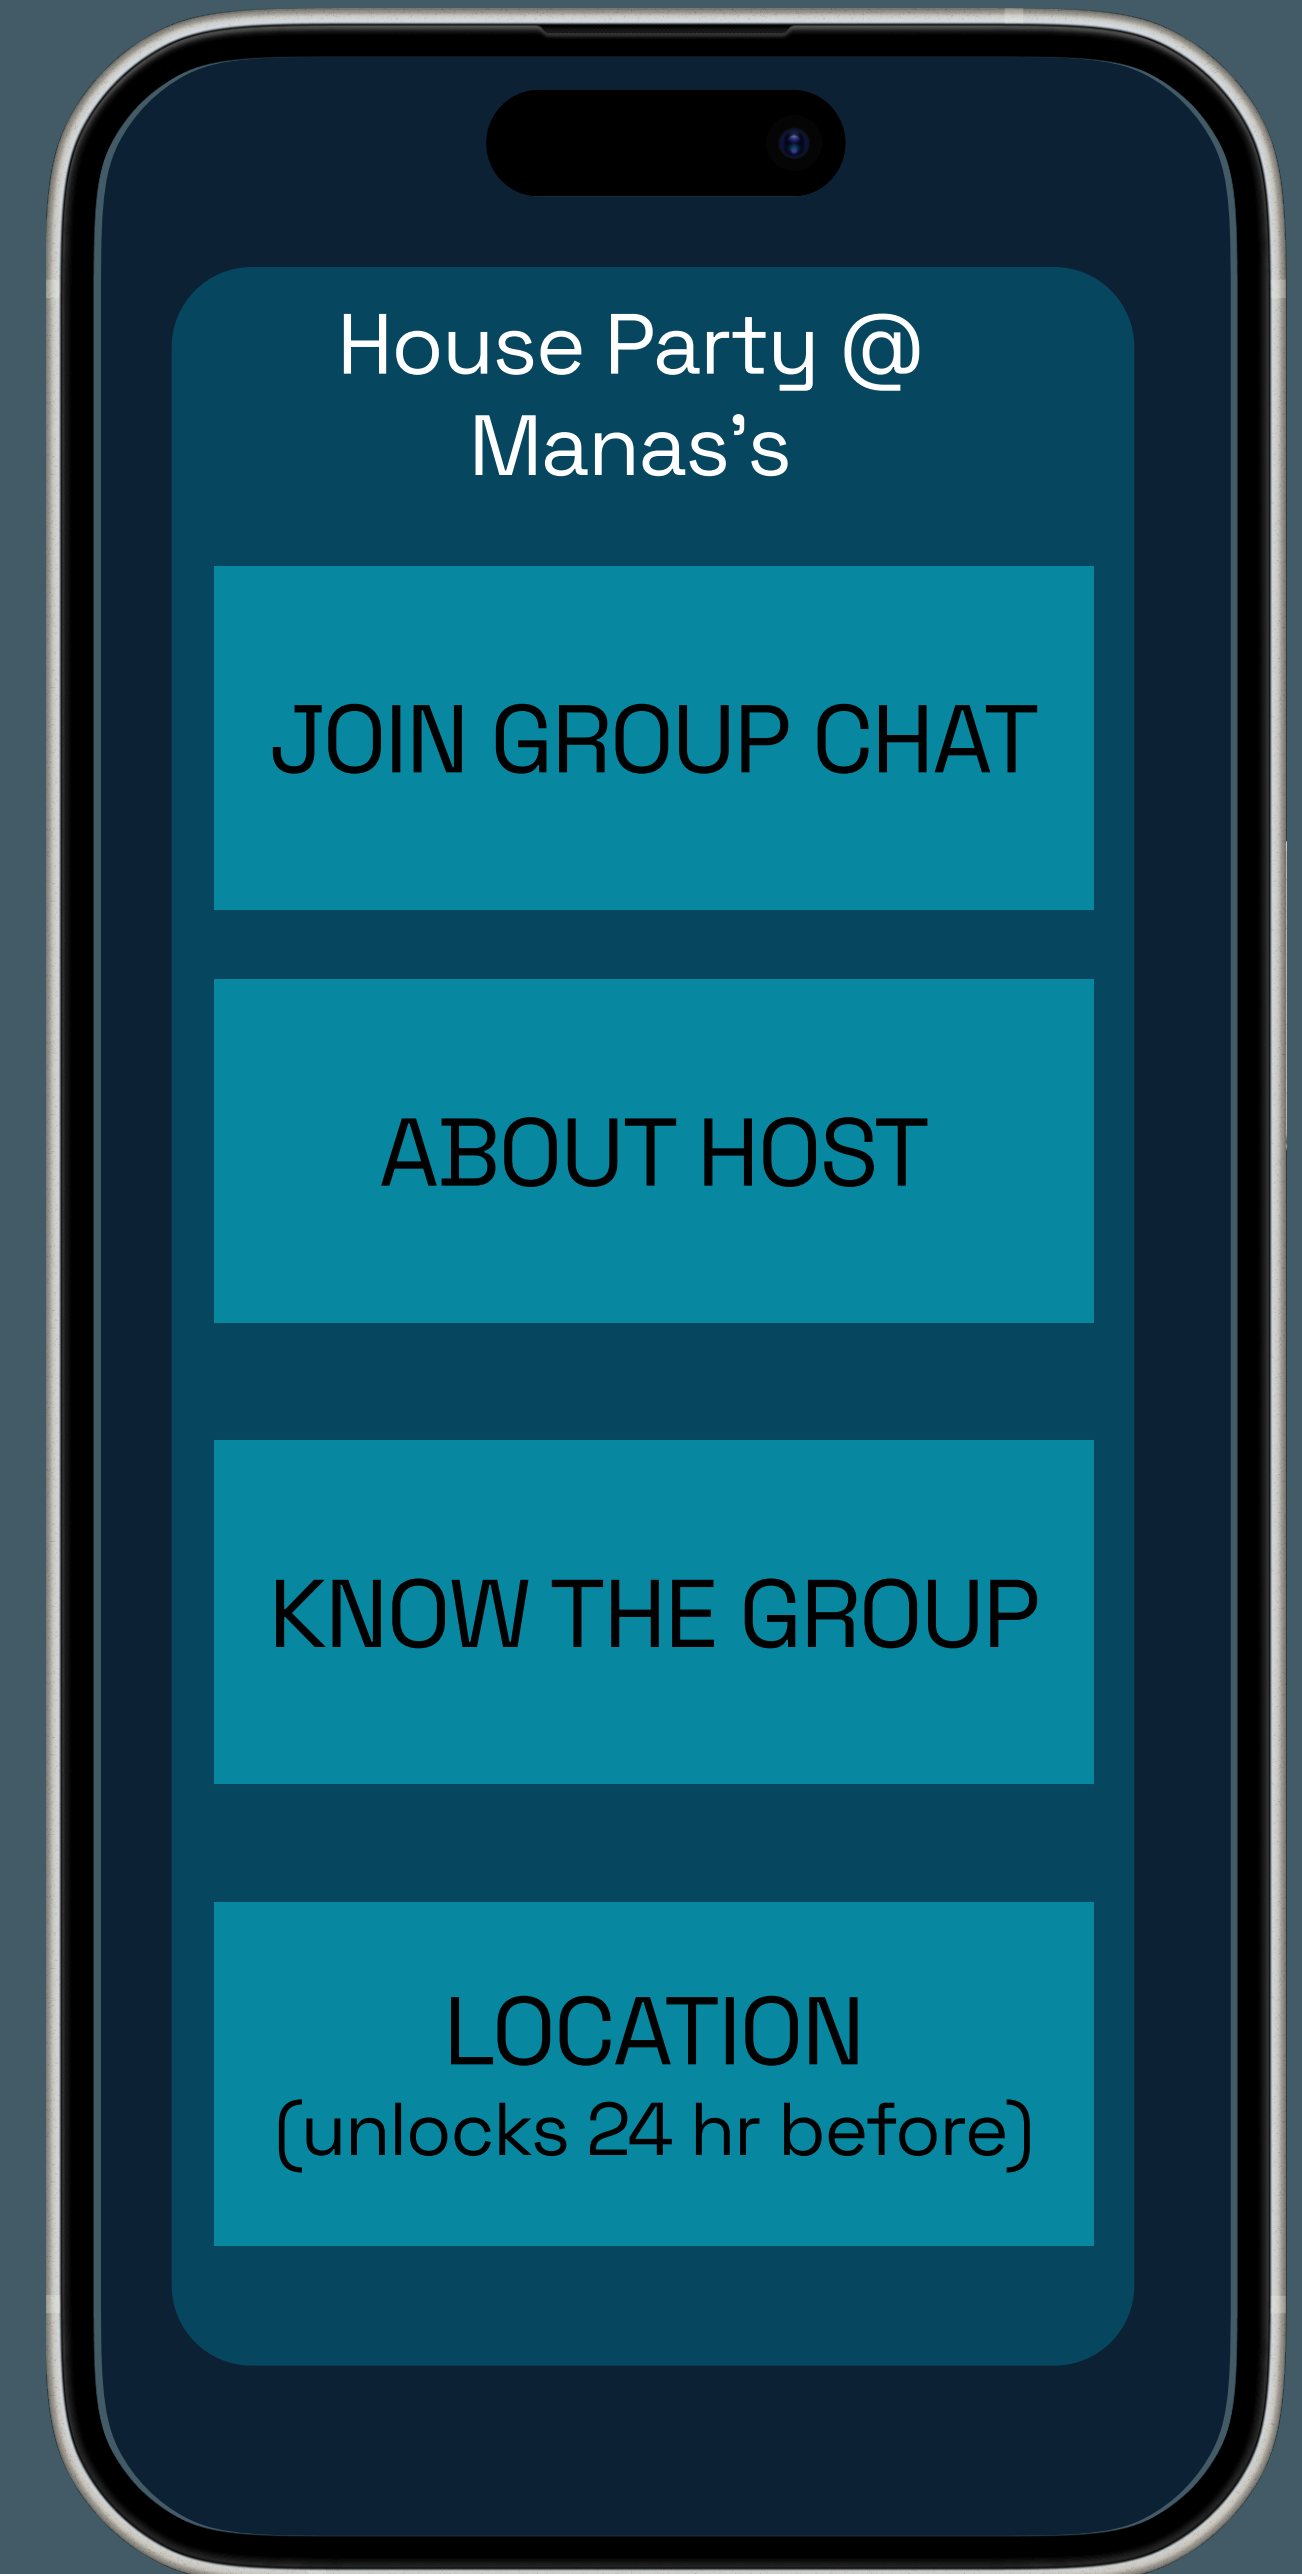

In-app group chat opens ~12–24 hours before the event.

Icebreaker prompts appear (e.g., “What’s your go-to karaoke song?”).

Host introduces themselves & answers FAQs.

App sends 1-hour reminder with:

- Location
- Host contact
- Check-in link

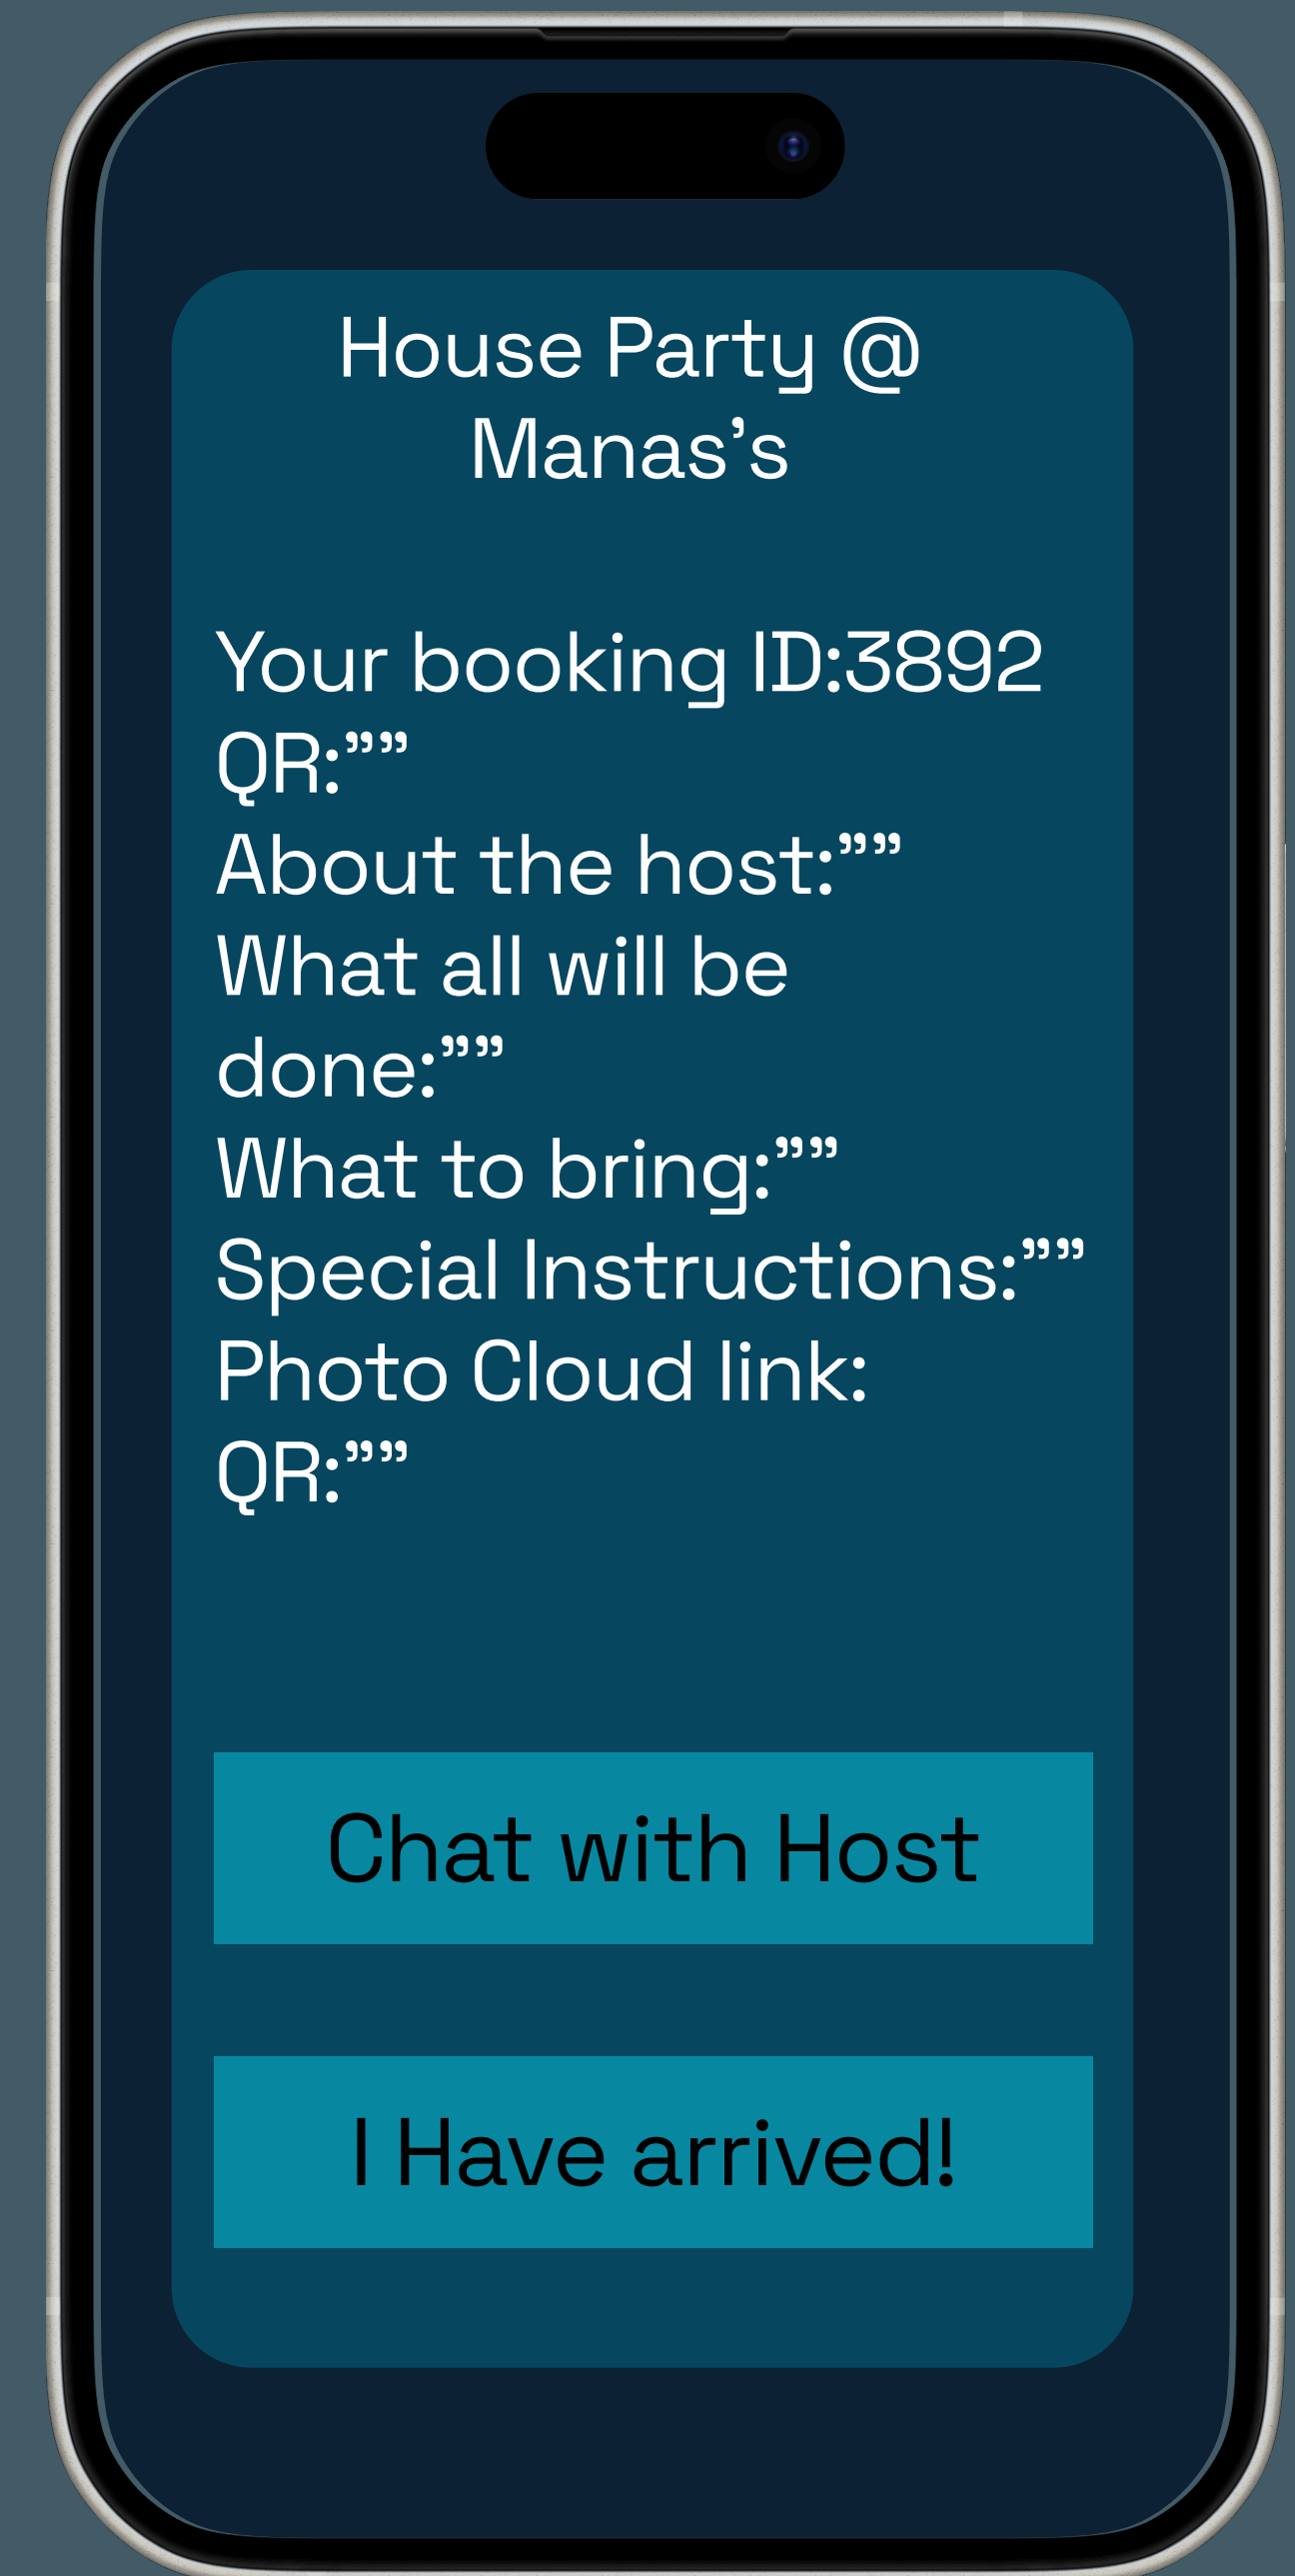

5. Event Experience & Check-In

Users check in via:

- QR code at the venue
- In-app “I’ve arrived” button

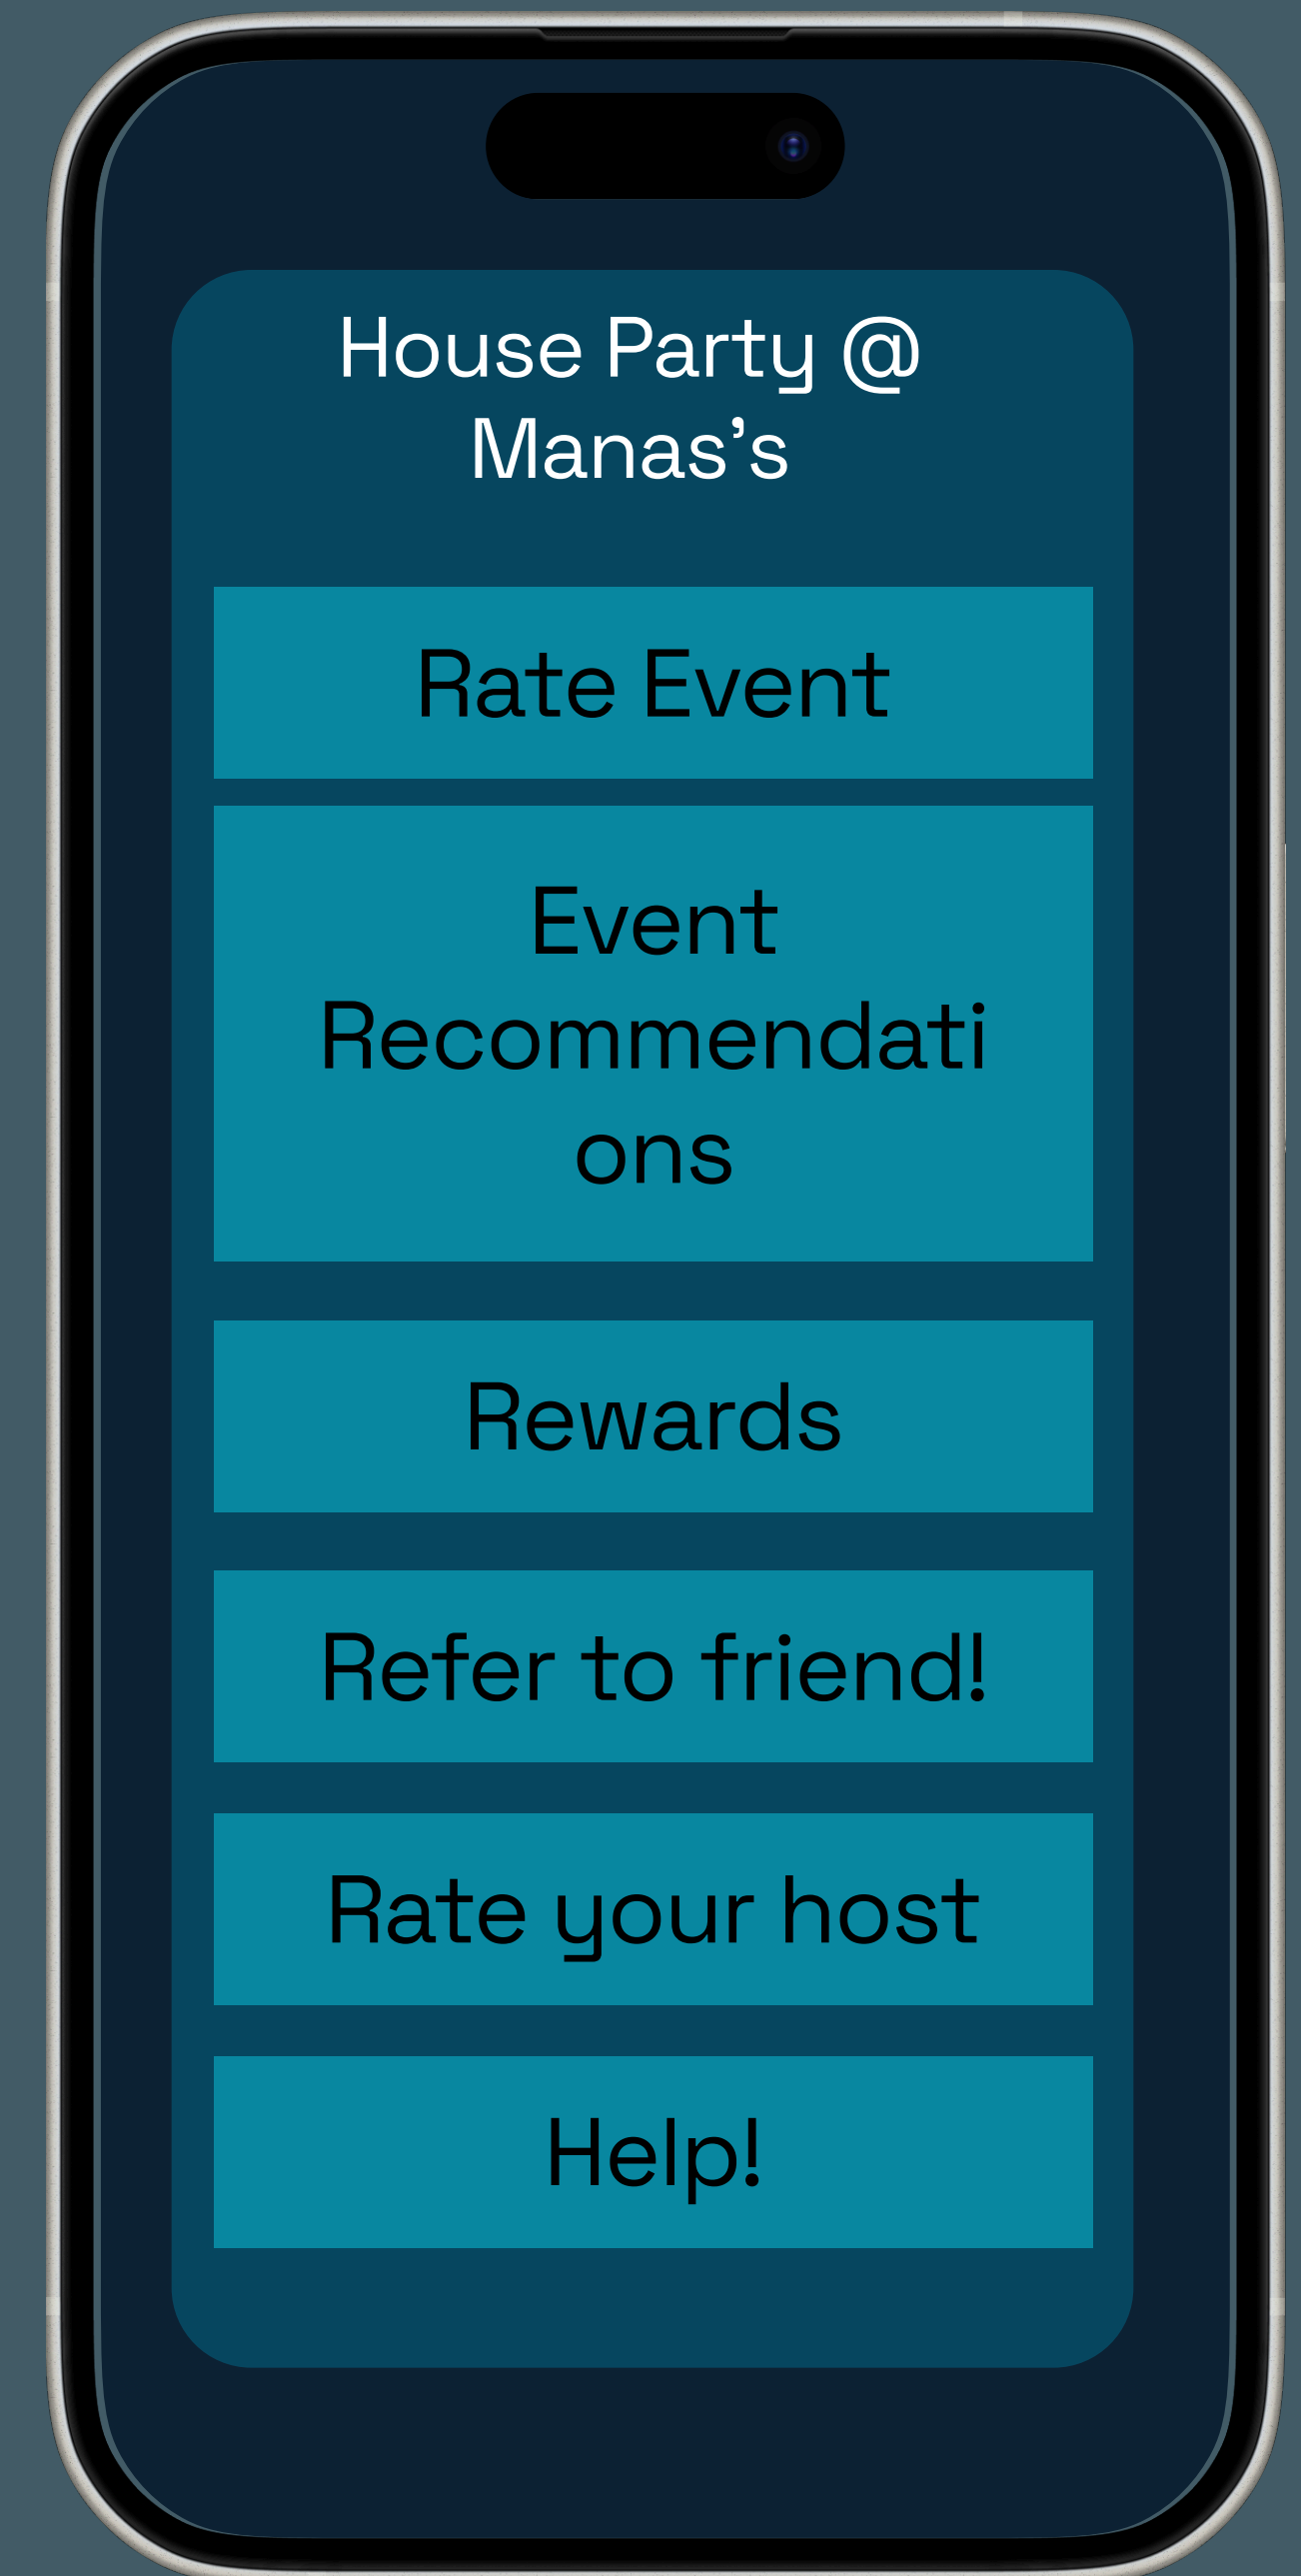

Host facilitates:

- Quick intros
- Activities or table assignments
- Group photos (optional, shared post-event)

6. Post-Event Engagement

- App triggers feedback form:
- Rate event
- Rate host
- Rate group vibe
- Suggests connections (based on mutual engagement).
- User earns badges (e.g., “First Brunch Club!”).
- Personalized recommendations appear for the next weekend.

THANK YOU
